

A Step In The Right Direction

LEARN 2 LOVE 2

LEARN

Attitude determines Altitude workshop.

Children are born with wings and teachers will help them to fly when they listen and focus in class. We need to know ourselves in order that the genius within will be manifested. We studied the importance of attitude and how it can be used to turn our negatives into positives.

A Step In The Right Direction

Laws of Success Workshop

We first looked at what is Success? What does Success look like, and when will we know that we are successful? We also studied the Thirteen Universal Steps of Success. We then examined the other side of the tracks – Street Life and Gang Culture. We researched its history and effect on the boys today.

Bringing Out the Genius Within.

If we are born with a normal brain you are already superior. We examined the power of focus and how strong focus or lack of focus can determine your success in class. We looked at a

A Step In The Right Direction

case study- Willard Wigan who overcame serious learning impediments and turned his negatives into positives. We too can do the same!

The Science of Change

We can all change for the better in one or more areas in our life. We examined the three fundamental aspects of change i.e. Faith, Choice and Desire. We then discussed the barriers that hinder change for the better and how we can overcome these barriers. We also studied the importance of self-knowledge and how it raises self-esteem.
